 - Trish Place informed members about **photographing monarchs** in this month.
between now and August 20, if you take photographs of Monarch butterflies, send them to Candace Teal cteal@neconserve.org Include date, time of day and where the photo was taken. The deadline for this is short but any help they can get is great. You can also "batch" photos together, so if you want to photograph the rest of this week then send them all at once, that's fine. You can do easy peasy and just send cell phone photos as long as they're clear.
